Stay a Day

The Stay a Day program at Bridgeport Place provides peace of mind for family caregivers as a welcome alternative for seniors, who might otherwise be home alone during the day.

Program participants enjoy delicious meals in the main dining room daily, plus the interaction and socialization with their peers.

With a full calendar of activities including exercise class each morning, there is always something fun to do at Bridgeport Place. Entertainment and excursions add zest to day-to-day life. Quiet time can be found in the cozy library with a good book by the warmth of the fireplace. Favorite TV programs and movies are enjoyed in the TV lounge. A respite apartment is always available to lie down and rest in privacy or for a nap.

Licensed nurses and caregivers provide Assisted Living services throughout the day on an individualized plan to meet the needs of each participant in the Stay a Day program including diabetic medication management.

Each participant in the Stay a Day program is required to provide a copy of his/her most recent History & Physical Examination along with any doctor's orders and a list of current medications signed by the doctor.
